

NORTHPORT

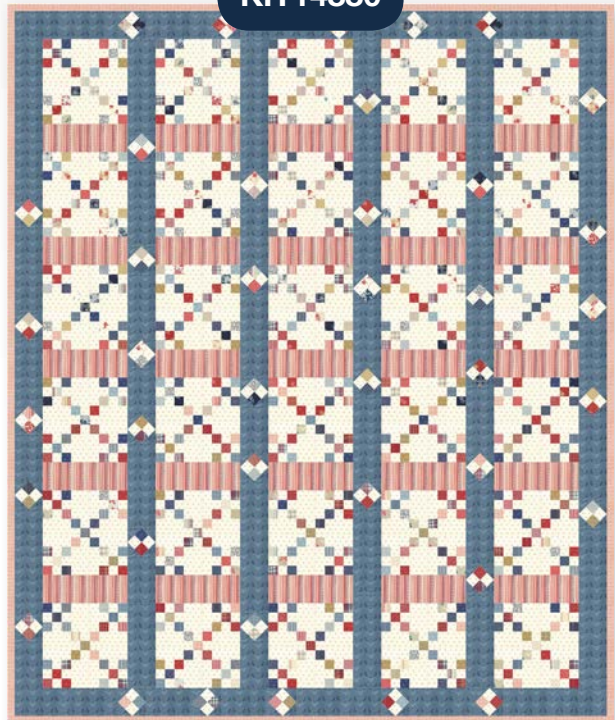

Minick & Simpson

Summer days at the beach—they're some of my favorite memories of growing up in Michigan. When I think of those long, sunny days, I think of soft reds and blues in vintage-looking florals, and I think of the plaids and stripes of summer shirts and shorts.

This softer, almost faded color palette was somewhat inspired by the fabrics I used for my little Good Boy quilt. Those fabrics were pulled from past collections and the look was so appealing, we used it to inspire Northport. As a scrap-quilt lover, I'm excited to be working with 40 prints and 29 wovens that blend beautifully.
