

ombre bloom

Adding the to ombré family is Ombré Bloom. This ombré has a personal touch from my backyard. The blooms found on the fabric are my pretty parfait hydrangeas made into a sun print and transferred to the 32 colors now available in our ombré.

Same colors and gradients you love, with a new beautiful flower overlay. Use it on its own, or intermingle them when our ombré confetti metallics and plain ombré.

happiness blooms from within.

DESIGNER TRIVIA

VANESSA CHRISTENSON

First collection – Simply Color 2011

First time you saw your name on the selvage – I made sure to savor it because I was sure it would be the only time I would see it on there!

Favorite Quilt Market memory - When Vanessa and I were placed together in the designer booth and everyone kept saying hey Vanessa and we had no idea which Vanessa they were asking or saying hi to.

Favorite pre-cut – fat quarter bundle

Years sewing and quilting – 17

Who taught you to sew – My sweet neighbor at the time! I'm still friends with her even though we live in different parts of the country!
