

# RED BARN CHRISTMAS

*Sweetwater*

I have always dreamed of having a big red barn, mostly at Christmas time. In my mind, there would be a foot of pure, white snow on the ground and a giant, green wreath on the sliding barn door. While I probably won't ever get that barn, I can still dream about it, right?

That big red barn is the inspiration behind this collection. We love using traditional Christmas colors to decorate, and this collection blends perfectly with our previous Christmas lines. Our favorite part of the line is the block yardage and the new Printworks panels. You can mix and match the yardage and panels with the prints for endless possibilities.
